

Race to Recycle

Instructions:

Start with all playing pieces in the center.

Roll a die and move that number of spaces, down the spokes and toward the outer circle.

Continue clockwise around the outer circle.

When a player lands on a large circle, take a matching color token.

Continue around the circle until the player has collected all five category tokens.

After all five category tokens have been collected, the player goes up the spokes toward the center.

First player to collect all five category tokens and reach the center, wins.
